= = History = =

When NY 178 was assigned as part of the 1930 renumbering of state highways in New York , it began at NY 3C (later NY 3) south of the hamlet (then village) of Henderson and ended at NY 177 west of Barnes Corners . In between , NY 178 passed through the village of Adams , where it

had a short overlap with US 11 . NY 178 was extended northwest c . 1932 along then @-@ NY 3D and Military Road to a new terminus at Snowshoe Road northwest of Henderson . By the following year , NY 3D was moved onto the current alignment of NY 3 in the vicinity of Henderson , eliminating its overlap with NY 178 .

NY 178 was truncated eastward in the late 1960s to begin at NY 3 west of Henderson . It was truncated westward to US 11 in Adams on August 1 , 1979 , after ownership and maintenance of NY 178 between US 11 and NY 177 was transferred from the state of New York to Jefferson County as part of a highway maintenance swap between the two levels of government . The former routing of NY 178 between Snowshoe Road and NY 3 in the town of Henderson is now maintained by Jefferson County as CR 178 while the section of old NY 178 from US 11 to NY 177 is designated as CR 189 .
