

= K @-@ 60 (Kansas highway) =

K @-@ 60 is a 4 @.@ 284 @-@ mile @-@ long (6 @.@ 894 km) state highway in the U.S. state of Kansas . It runs from U.S. Route 36 (US 36) north to K @-@ 383 near Almena . The route was established around 1930 .

= = Route description = =

K @-@ 60 begins at an intersection with US 36 11 miles east of Norton and 19 miles west of Phillipsburg . The highway heads north , surrounded by a grassland terrain marked with several fields . The road turns northwestward . After an intersection with Main Street , K @-@ 60 turns back northward towards Almena . The highway ends at an intersection with K @-@ 383 near the Kyle Railroad .

The route is maintained by the Kansas Department of Transportation (KDOT) , who is responsible for constructing and maintaining highways in the state . As part of this role , KDOT regularly surveys traffic on their highways . These surveys are most often presented in the form of annual average daily traffic , which is the number of vehicles that use a highway during an average day of the year . In 2010 , KDOT calculated that a total of 115 vehicles used the road daily , including 20 trucks . No part of the highway has been listed as part of the National Highway System , a network of roads important to the nation 's defence , mobility , and economy .

= = History = =

K @-@ 60 was built and established between 1927 and 1932 by the Kansas State Highway Commission , who was at the time responsible for maintaining highways in Kansas . At this time , the road was surfaced with gravel . The entire route was paved between 1948 and 1950 . Since then , the road 's designation has not been changed .

= = Major intersections = =

The entire route is in Almena Township , Norton County .
