

= Kylie Platt =

Kylie Platt (née Turner) is a fictional character from the British soap opera Coronation Street , played by Paula Lane . She was introduced as Becky McDonald 's (Katherine Kelly) half @-@ sister , making her on @-@ screen debut on 26 August 2010 . Lane landed the role , with executive producer Phil Collinson describing her as a brilliant casting . He also revealed that Kylie would have " major storylines " during her first six months in the serial . Lane created her approach to her portrayal from her own past experiences whilst growing up . Lane impressed the producers and had her contract extended until July 2012 .

Kylie 's backstory includes growing up in a broken home , living below the poverty threshold , and weak relationships with her estranged mother and sister . Kylie is characterised through her " full on personality " and has a feisty attitude . She has often been described as a " gobby female " who wants a better life and ultimately she is driven by money . Kylie has a son , Max (Harry McDermott) , who was placed into foster care . She had the child at a young age and she was not ready for the responsibility . Becky helps Kylie retrieve custody of Max . In one of her first big storyline arcs , Kylie sells her son to Becky for £ 20 @,@ 000 . The storyline was branded controversial by media outlets and Lane found it hard to compress her emotions whilst filming the plot . Lane said Kylie 's sheer audacity was highlighted when she dared to blackmail her barren sister for more cash .

Kylie remained off @-@ screen for episodic blocks in her first six months . Producers devised a storyline to give her permanent residence on Coronation Street , when she was revealed as the fiancée of David Platt (Jack P. Shepherd) . The development was to offer viewers " something new " and both actors have praised their pairing as a positive move . The storyline played the resurgence of Kylie 's love of money . Kylie has also engaged in feuds with Gail and Tina McIntyre , played by (Helen Worth) and (Michelle Keegan) respectively . Gail 's attempt to sabotage her son 's wedding to Kylie proved unsuccessful . It was a change in direction for the character , with the lure of money insufficient for her to leave " someone she loves " . In February 2016 , Lane announced her decision to leave Coronation Street . She filmed her final scenes as Kylie in June 2016 and producers decided to kill off the character . Kylie was murdered by Clayton Hibbs (Callum Harrison) while trying to protect her friend Gemma Winter (Dolly @-@ Rose Campbell) in the episode broadcast on 15 July 2016 , Lane last appeared as Kylie on 20 July 2016 .

Kylie has been well received by most critics for her image as a " gobby chav " . The general reaction to her pairing with David has also been positive . However , the Daily Mail has criticised Kylie for her deceit and branded some of her material as " dull " . Lane won Best Newcomer at the 2011 National Television Awards for her portrayal . She also garnered other nominations in awards ceremonies oriented to magazines .

Kylie was created as the " tearaway " half @-@ sister of established character Becky McDonald (Katherine Kelly) . Actress Paula Lane was cast in the role and immediately received praise from executive producer Phil Collinson who described her as " brilliant " . Lane has stated she draws inspiration from her own past , as an angle to portray Kylie . Lane 's first scenes aired on 26 August 2010 . Lane later signed a new contract with the serial , which was later extended and meant Kylie would stay into July 2012 . Lane was delighted because it gave her the chance to " go full throttle with the character . "

Kylie was initially described as having a " full on " personality , similar to Becky . She was also labelled a " firecracker " . Lane described her as a " messed up girl , dragged up by an alcoholic mother " . In her life she had to " fight for survival " . Lane has also expressed her admiration of Kylie 's " comedy " . She has also said Kylie is " quite witty " and amid confrontation is " quick off the mark and won 't let someone stamp her down . " Viewers of the serial later observed Kylie to be as evil as

Tracy Barlow (Kate Ford) . Lane said that the comparison was taken too far because Kylie has not murdered anyone , although she acknowledged that Kylie comes across as evil . She also stated : " Kylie will be a thorn in Becky and Steve 's sides for a long time to come " .

Kylie and Becky 's characterisation and backstory are similar . Lane felt it was important to portray certain differences between the two . This was to prevent the audience becoming bored through repetition . This was done through Kylie making the opposite choice Becky would make . In April 2011 Lane further described her as " volatile " because " you never know what she 'll do next . " Kylie proved to be unpredictable . Lane admitted it was fun to play her because " It 's difficult to imagine how she will react to things . " Through her relationships she is shown to be a " chancer " who wants to have fun and has " the bottle for anything . " One of Kylie 's main motivations in life is money and she develops a taste for better things in life . Lane also predicted that Kylie would do anything " if the price was right . " Lane opined that everyone 's perception of Kylie is " she 's conniving and only out for what she can get . " Kylie gained such a reputation as a trouble @-@ maker that Lane was often asked by members of the public to behave herself . Lane describes Kylie 's redeeming qualities the fact she is " bright and she 's a grafter . "

= = = Introduction and selling Max = = =

Upon her introduction , Kylie was described as being a big character in her first six months of storylines . When she arrives she ruins Becky and Steve McDonald 's (Simon Gregson) plans for adoption . Kylie and Becky violently clash over the incident , and Lane received bruising from filming the scenes . The scenes were so violent that they were toned down before transmission . Lane said that the fight was her favourite set of scenes for Kylie . Kelly described Kylie and Becky as having a love @-@ hate relationship , but at the time Becky " wants to kill her " . Lane also sees Kylie as a " mixed @-@ up girl " , stating that she feels sorry for her . Lane herself stated that Kylie loves her sister but " feels resentful " that Becky left home when Kylie was only eight . " Becky was like a mother to Kylie . "

It is then revealed that Kylie has a son , Max (Harry McDermott) , who is in foster care . Lane said that this happened because Kylie " was drinking with his dad and not looking after him " . Kylie loves Max but is too " young and naive " to cope with motherhood . Kylie snatches Max while on a visit ; Lane opined it was a spur of the moment decision , but " she couldn 't bear to lose him " . Becky helps Kylie regain custody of him . The " turning point " in the storyline was attributed to scenes in which Kylie stands up in court and vows to change . Lane said that they were " touching " scenes , which included a rare moment in which Kylie applauds Becky for being " a great sister " . Lane stated that when she gets Max back , Kylie takes advantage of Becky . In another storyline Kylie makes a pass at Steve . Gregson who plays him opined that in Kylie 's mind she thought " that fat bald guy wants a bit " . He also said that Steve was " extremely shocked " but was not interested . Steve decides not to say anything to Becky because he doesn 't trust Kylie and knows that she will take Max away from Becky . Gregson said that in Steve 's opinion " she 's been trouble from the start and he 's sure that 's not going to change . "

Kylie plays on the fact that Becky is desperate for a child and offers to sell Max to her . Gregson said that he felt it immoral to buy a child , but stressed " Kylie isn 't an ordinary mother ? she only cares about herself . " He said that Steve believes Max would be better off with Steve and Becky . Steve is the first to take Kylie seriously ; Gregson believed this was because Kylie has " proved herself ruthless " and " not the best mum " . Lane defended Kylie 's actions because she did " love her son " , but she makes the money @-@ making scam because she is " immature and irresponsible " . Lane herself was so shocked by the storyline that it made her over @-@ emotional on set , to the point where she had to take breaks from filming scenes . After selling Max for twenty thousand pounds , Kylie travels abroad , but later reappears during the serial 's live episode . She demands more money , which Becky has to steal .

= = = Marriage to David Platt = = =

In late 2010 Jack P. Shepherd , who plays fellow character David Platt , revealed his desire for more scenes with Lane as he thought that they worked well together . In January 2011 it was announced that Kylie would marry David in a " shock storyline " . Revealing the news whilst interviewed on talk show Loose Women , Lane said that the pair would meet off @-@ screen in Tenerife . Though she had not read the scripts , Lane thought they would be " a really good combination " . Coronation Street publicity said it would make " exciting viewing " for fans . They further stated : " Kylie and David are trouble as individuals so the thought of the two of them getting together is a nightmare prospect for both their families [...] there is no end to the trouble they will cause for everyone . " Lane also revealed that the storyline was implemented because there was no other plausible way for Kylie to return . They did not carry on with the scenario with Becky and Steve , because the viewers needed " something new " . Lane was happy with the direction of the storyline because it paved the way for more " explosive " material . Kylie was also tipped to be the one in control of the relationship . She also acknowledged that certain aspects of their relationship would mirror Becky and Steve 's relationship , in the sense that when Kylie is with David , a " loved up " nicer side to Kylie surfaces .

David 's mother Gail McIntyre (Helen Worth) is shocked to learn the identity of his mystery fiancée , and disapproves of Kylie . The pair repeatedly clash in scenes that serve as comic relief . Gail dislikes Kylie because she " knows her type " , and the fact that she is related to Becky does not bode well . Lane said that Gail 's reaction was understandable because Kylie is not the epitome of " the perfect daughter @-@ in @-@ law . " She added that because Gail is so possessive of David , " it doesn 't bode well for the future . " Shepherd added that they are " the match made in hell " and revealed that David lets her do as she pleases because he is in love with her . He later said that David appeared obsessed and shared the similar dynamic he had with previous girlfriend Tina McIntyre (Michelle Keegan) . He concluded : " I think he 's keener on her than she is on him . " David fools Kylie into believing he owns a salon . Lane explained " Kylie sees an opportunity for a better life , but not in a money @-@ grubbing , scheming way . She does love David , and she 's not doing anything wrong . " Kylie sees the situation as an " added bonus " . After Kylie finds out the truth , the pair come up with a plan to " wheedle " his grandmother Audrey Roberts ' (Sue Nicholls) salon off her .

Gail tries to use the fact that Kylie gave Max up against her . Lane revealed that it did not work because Kylie revealed her past hardships and gained sympathy from David . The scenes also offered viewers the chance to gain a better perspective on who Kylie is and learn about her past . The night before their wedding , Gail unsuccessfully tries to pay Kylie one thousand pounds to leave for good . Lane said that Kylie had the audacity to come back after " £ 25K for Max " so " £ 1000 to give up a salon and someone she loves is nothing " , though she still keeps the money . Up until this point Kylie had been " playing the game with Gail " , but she was not on " Kylie 's radar " . Kylie then realises how determined Gail is to ruin her wedding . Lane said " Gail has taken a pretty intense disliking to Kylie , so of course Kylie is going to fight her corner - that 's the kind of girl she is . "

When the pair marry , Lane described them as still being on the " honeymoon period " , equating to more lust than love . She opined that the serial had developed a " lovely relationship " which had " explosive chemistry " . David decides Kylie should have Max back . Lane explained that it was not the right time because Kylie still wasn 't ready for responsibility . Kylie " doesn 't want to mess with the little boy 's head anymore " and accepts he is safe with Becky . However David is " inquisitive " about the situation , but Kylie " brushes over " the hurt she really feels .

= = = Affair with Nick Tilsley = = =

Producers created an infidelity story for the character which involved David 's half @-@ brother Nick Tilsley (Ben Price) . David discovers the truth but decides not to let Kylie know . Shepherd told Alison Gardner from What 's on TV that David thinks if he confronts Kylie their relationship will end . He has to decide who should be punished for the affair . He decides that Nick is too blame and if he is too get revenge on him then Kylie must remain oblivious . He then contemplates committing suicide and then vandalises Nick 's flat . The actor concluded that David could forgive Kylie for her

infidelity .

David begins by sending poison pen letters to Nick 's wife Leanne Battersby (Jane Danson) , which state that Nick is having an affair . Nick realises David is behind the letters . Price told Kilkelly (Digital Spy) his character panics and becomes annoyed . Nick is arrogant to his actions and believes David will just forgive him because they are related . He then tells David that they should discuss the affair with Kylie and move on . Price explained that David is worried that Kylie will feel betrayed he knew all along and does not want her to leave him . He decides he must stop Nick and grabs the steering wheel and causes a car crash . Price believed David was not trying to murder Nick , just prevent him from contacting Kylie .

Kylie begins to suspect that David intentionally caused the crash out of revenge . Kylie gain evidence and confronts David over his scheming at Lily 's christening . Filipa Jodelka of The Guardian observed that " David 's family went on to pronounce him wicked and cast him out into darkness . " Writers kept the paternity of Kylie 's baby a secret up until birth . On @-@ screen the child , named Lily , has a paternity test taken in which it is revealed that David is her biological father . David then boasts about the result to Nick to cause further trouble . Producer Stuart Blackburn said that he used the story to " push Kylie to the edge " . It also created the opportunity for writers to revisit David 's bad persona . He said the revelation damages their relationship but his team were keeping the possibility of the pair reuniting . Kylie is angry at herself and David . Blackburn explained " in her head she 's a screw @-@ up , and she 'll be furious with herself for imagining she could ever have a normal life . If there 's hope for Kylie and David , they must accept each other for who they really are . "

= = = Prescription drug addiction = = =

In June 2014 , Lane announced that she was pregnant and Kylie would be written out of the show while the actress took maternity leave . Coronation Street producer Stuart Blackburn met with Lane and devised an exit storyline . He had already planned a story for the character and Lane said her departure added more scope and improved the story . Peter Dyke from the Daily Star announced that Kylie would become addicted to prescription medication . Her son Max is diagnosed with ADHD and prescribed medication to control the condition . Kylie struggles to cope with her home life and takes some of Max 's medication . Blackburn told Dyke that " Kylie hits a really low point . She is utterly ashamed and husband David is disgusted when he finds out . " He added called it the character 's worst ever decision and warned of troublesome consequences . Blackburn used the story to depict the effects of addictions to such medication . It has a " devastating effect " on Kylie and impacts on her health herself and the rest of the Platt family .

To prepare for the storyline Lane discussed her character 's backstory with directors . She recalled that Kylie had previously suffered addiction which adds to the drama . Writers devised " heavy scripts " for Lane and she had to thoroughly research the issue . Lane hoped the story would raise awareness and also convey that ADHD is not a disease . After the story was broadcast , Lane has explained that Kylie blamed herself for Max 's ADHD . She believes her past actions have contributed to his behavioural issues and she refuses to listen to reassurance from her family . The actress blamed Kylie 's " very low self @-@ esteem " as a mother and she thinks other residents are judging her . Kylie becomes stressed with managing Max 's condition and looking after Lily . She wants to feel calm after working herself into a " tired and frustrated " state . She takes his medication thinking it will calm her down but she regrets her actions .

Kylie locates Max 's father Callum Logan (Sean Ward) to find answers about his ADHD . She finds it exciting revisiting her old neighbourhood . After the Platt family block her access to Max 's medication , Kylie buys amphetamine from Callum . Lane told Kilkelly that the drug gives her a similar effect and she is after a quick drug fix following withdrawals from Max 's medication . Off @-@ screen , the actress met with a recovering drug addict and discussed the mental and psychological effects of amphetamine addition , which aided her portrayal of Kylie 's struggle . Lane explained that the addiction would intensify and result in " another downward spiral " for the character . She added " I think this is the darkest place that Kylie has ever found herself in . " Kylie 's

addiction begins to effect her home life as she becomes " tired , grumpy and agitated " . David notices her strange behaviour and it causes problems . Kylie is caught taking drugs and given an ultimatum to chose her family or her addiction . She tries to abstain but Callum makes it difficult for her by offering her free drugs . He makes it clear he is not interested in Max and just wants Kylie . Lane described Callum as having " a very dark presence " in Kylie 's life .

Lane 's temporary departure scenes aired on Christmas Day 2014 . The festive episode included David witnessing Callum trying to give Kylie drugs . He is furious and throws her out of their home . She decides to leave the area and her family . Blackburn then announced that upon the character 's return she would need to change her ways . He explained that the consequences of Kylie 's drug taking cause a custody battle for Max between David and Callum . The producer added " she 's going to have to get her act together , she really is . " Lane returned to filming as Kylie in April 2015 . On @-@ screen Kylie returns and reunites with David to strengthen his claim of custody over Max .

= = = Callum Logan 's murder = = =

Coronation Street aired a special live episode to celebrate the sixtieth anniversary of ITV . In the episode Callum and Kylie 's sister @-@ in @-@ law Sarah Platt (Tina O 'Brien) argue inside the Platt 's home . Callum attacks Sarah , overpowers her and threatens her life . Kylie walks in on the struggle and hits Callum over the head with a wrench . Her actions left Callum bloody and dead on her kitchen floor . The live episode concluded with David returning home to the fatal scene . He decides to help Kylie and Sarah to conceal Callum 's murder . He wraps the body up and puts him down a manhole in their garage . The following episode features the trio plotting to dispose of Callum 's body in a public space . An ongoing conversion of the garage in a bedroom extention poses a problem and they need to move quickly . But a series of events ruin their plans . Kylie and David are physically sick when they first try to remove the body from the man hole . They are later interrupted by a visit from the police who investigate Callum 's abandoned car . Gail then hires Jason Grimshaw (Ryan Thomas) to cover the manhole up with concrete , unaware Callum is concealed inside .

Lane assessed that her character " cracks " during the storyline and each character handles Callum 's murder differently . Sarah becomes hysterical , David stays calm and scheming , whereas Kylie remained in a state of shock and she had to " strip [her performance] right back " . The story played out with David attempting to help Sarah and Kylie move on . As Lane noted , the characters turn on each other and " it just becomes one big crazy fight for survival , it 's a mess . " They feel trapped with in the secret and the situation get out of control . Writers continued to play on the tense situation , using Kylie and Callum 's old friend Gemma Winter (Dolly @-@ Rose Campbell) . She arrives claiming to be in contact with Callum . Knowing she is lying , the Platts encourage Gemma 's gossip , knowing it will remove suspicions they were involved in Callum 's disappearance . But when they argue with Gemma , they fear she will uncover the truth behind Callum 's death .

The show planned a dramatic stunt which would lead to the discovery of Callum 's body . The scene featured Carla Connor (Alison King) causing a car accident , colliding with Tyrone Dobbs ' (Alan Halsall) pick @-@ up truck which smashes into the Platt 's home . This causes the floor to give way and a recovery team unearthing Callum 's body . Producers decided to conclude the story without Kylie being held accountable for the murder . Instead they used a character that had been recently killed off , Tony Stewart (Terence Maynard) , who had publicly feuded with Callum . When Sarah confesses the truth to Todd Grimshaw (Bruno Langley) , he decides to frame Tony for the crime - a scheme which proved successful .
