

= New York State Route 9M =

New York State Route 9M ( NY 9M ) was a state highway in Warren County , New York , in the United States . It was a spur route of U.S. Route 9 ( US 9 ) that largely followed the eastern bank of the Schroon River . The southern terminus of the route was at NY 8 in the town of Horicon near the hamlet of Starbuckville . Its northern terminus was at US 9 in the Chester hamlet of Pottersville . NY 9M was known as East Schroon River Road and Glendale Road and crossed over the southern tip of Schroon Lake .

NY 9M was assigned c . 1931 to what had been designated as legislative Route 22 @-@ c from 1913 to 1921 . It lasted for less than a decade as it was removed c . 1939 . Its former routing is now maintained by Warren County as part of three county routes , namely County Route 55 ( CR 55 ) , CR 62 , and County Route 64 .

= = Route description = =

NY 9M began at an intersection with NY 8 ( now CR 53 ) north of the hamlet of Starbuckville in the town of Horicon . The route followed Valentine Pond Road north for a negligible distance , then progressed westward along the eastern bank of the Schroon River on East Schroon River Road . Across the river , Carl Turner Road , a locally maintained highway , followed a routing parallel to that of NY 9M on the other shore . Both roads gradually curved northward , mirroring a similar turn in the river 's course . Carl Turner Road came to an end here ; however , NY 9M continued on . Near a junction with modern @-@ day Short Street , NY 9M began to deviate from the river .

North of Short Street , NY 9M curved back to the northwest , passing Smith Pond and traveling through woodlands as it approached Schroon Lake . It then crossed over the southern tip of the lake and entered the town of Chester on the opposite bank . The route came to an end shortly afterward at a junction with US 9 in the hamlet of Pottersville .

= = History = =

In 1913 , the New York State Legislature created Route 22 @-@ c , an unsigned legislative route extending 4 @. @ 80 miles ( 7 @. @ 72 km ) from State Highway 1023 ( later NY 8 and now CR 53 ) near Starbuckville to legislative Route 22 ( modern US 9 ) in Pottersville . The Route 22 @-@ c designation was eliminated on March 1 , 1921 , as part of a partial renumbering of New York 's legislative route system . In the 1930 renumbering of state highways in New York , hundreds of state @-@ maintained highways that did not have a signed designation were assigned one . The former routing of legislative Route 22 @-@ c was designated as NY 9M by the following year . NY 9M was short @-@ lived , however , as it ceased to exist c . 1939 . Its former routing is now maintained by Warren County as CR 55 from former NY 8 ( CR 53 ) to East Schroon River Road , CR 64 from Valentine Pond Road to East Shore Road , and CR 62 from East Shore Road to US 9 .

= = Major intersections = =

The entire route was in Warren County .
